Experience, Knowledge, And Results For Your Organization

The firm was founded by Gregory A. Noonan who brings more than 20 years of experience as a senior financial executive to a variety of projects. A leader with demonstrated success, Mr. Noonan's services will enable your organization to achieve its goals through sound project management and innovative approaches.

When your organization needs assistance with a new or complex project, we can help you meet your goals. By forming teams with other specialists and supporting staff, we can help you manage projects of any size.

Following are just a few examples of projects where our expertise may benefit your organization:

- Business acquisitions, mergers, and divestitures
- Strategic planning and action plans for executing initiatives
- New technology deployments
- Financial management and profitability analysis
- Financial process and system design or improvement
- New product deployments
- The development of new organizational task-forces or teams
- Staff recruitment and development initiatives
- Corporate restructuring
- Process improvement initiatives

Call us today at (901) 218-9453 to discuss your organization's upcoming projects.

About Gregory Noonan

Mr. Noonan has held numerous senior level positions at financial institutions of various sizes. His broad and deep experience in high level corporate functions range from managing far-reaching finance and technology initiatives to leading comprehensive business acquisition plans. In each effort Mr. Noonan produced quantifiable value for organizations and shareholders.

Most recently, as a Senior Vice President of Corporate Planning, he directed the finance staff in all aspects of planning, forecasting, financial, analysis, system development, management reporting, and in supporting investor and board relations. He started his firm in 2005 and has successfully completed large projects for several clients.

Mr. Noonan graduated from Marquette University with a B.S. in Finance and has served on the Boards of Directors for several organizations.
